Of late, entering always deeper into the mysteries of a certain lore-book brought back from the Isle of Way by one of Losen's raiders, Gelluk had become indifferent to most of the arts he had learned or had discovered for himself. The book convinced him that all of them were only shadows or hints of a greater mastery. As one true element controlled all substances, one true knowledge contained all others. Approaching ever closer to that mastery, he understood that the crafts of wizards were as crude and false as Losen's title and rule. When he was one with the true element, he would be the one true king. Alone among men he would speak the words of making and unmaking. He would have dragons for his dogs..ready to bury him. And then, by his grave, his eyes opened. He moved, and spoke. He said, "I have.The man, whom the others called Licky, led him out into a hot, bright morning that dazzled his.them, yes. Medra walked through the night. He was very lame, and could not always keep up the werelight. When it failed he had to stop and sit down and sleep. The sleep was never death, as he thought it was. He woke, always cold, always in pain, always thirsty, and when he could make a glimmer of the light he got to his feet and went on. He never saw Anieb but he knew she was there. He followed her. Sometimes there were great rooms. Sometimes there were pools of motionless water. It was hard to break the stillness of their surface, but he drank from them. He thought he had gone down deeper and deeper for a long time, till he reached the longest of those pools, and after that the way went up again. Sometimes now Anieb followed him. He could say her name, though she did not answer. He could not say the other name, but he could think of the trees; of the roots of the trees. This was the kingdom of the roots of the trees. How far does the forest go? As far as forests go. As long as the lives, as deep as the roots of the trees. As long as leaves cast shadows. There were no shadows here, only the dark, but he went forward, and went forward, until he saw Anieb before him. He saw the flash of her eyes, the cloud of her curling hair. She looked back at him for a moment, and then turned aside and ran lightly down a long, steep slope into darkness.."Wait, wait," his companion said. "Give me a day."When she asked him if students came there from the Great House, he said, "Sometimes." Another time."Oh child, oh lamb," said Rush, taking her into her embrace; but though she hugged Rush, Dory did not bend.."Straining," Heleth said, his hand still absently, gently patting the dirt as one might pat a scared cow. The Herbal used all his art, but could not rouse him. "He is dead," he said. "The breath will not leave him, but he is dead." So we mourned him. Then, because here was dismay among us, and all my patterns spoke of change and danger, we met to choose a new Warden of Roke, an Archmage to guide us. And in our council we set the young king in the Summoner's place. To us it seemed right that he should sit among us. A thunder-squall came pelting on that wind, and Ivory went down to the cabin, but Dragonfly stayed up on deck. She was afraid of the water, she had told him. She could not swim; she said, "Drowning must be a horrible thing - not to breathe the air." She had shuddered at the thought. It was the only fear she had ever shown of anything. But she disliked the low, cramped cabin, and had stayed on deck every day and slept there on the warm nights. Ivory had not tried to coax her into the cabin. He knew now that coaxing was no good. To have her he must master her; and that he would do, if only they could come to Roke..And they study there just to get richer. Or to get power."He said, "I lost my way. Have I come to the villager?"
